

# Better Your Score

Better Your Score is an individual, handicapped, stroke play tournament played over 3 days. Participants will play 18 holes any or all 3 days. The player's best score for each hole over the 3 days of play becomes the final score for that hole at the conclusion of the tournament. Handicaps are then added, and the player with the lowest resulting 18-hole score is deemed the winner.

All other normal HMGA rules apply.

Points awarded:

Winner – 100 points

2<sup>nd</sup> - 50 points

3<sup>rd</sup> – 25 points

Participant – 10 points
